

FUME PROBLEM IS STILL UNSOLVED

But Treaty Will Be Presented to German Delegates At Versailles Next Week—Italy: "Blowing Off Steam."

By Telegram to The Freeman.
Paris, April 26.—The Fume problem was still hanging fire when the big three met to-day to continue discussions of matters to be included in a treaty that will be presented to the Germans at Versailles next week. Practically every detail of the treaty is now complete but it has not yet been definitely decided on what day the terms will be placed before the Germans. This will depend to some extent on the developments in the Italian situation during the next 72 hours. The American, British and French delegations are watching closely for the next move that Italy makes. Rome advises show that the deepest feeling prevails throughout Italy, but it cannot be determined yet how far the demonstrations will influence official action. It is realized that the Italians are extremely temperamental, and the blowing off of steam may be followed by counsels which will lead to a compromise satisfactory to both sides.

At the same time, it is pointed out that Italy is dependent on the Allies, and chiefly the United States, for economic relief. In any event, the three big powers—America, Great Britain and France—are lined up side by side and will present a solid front. This fact is emphasized in case Germany should try to quibble over the treaty or take advantage of the temporary deadlock caused by the withdrawal of the Italian delegates. The greatest obstacle to equitable understanding has been the cropping out of secret agreements and pledges made during the course of the war. Later developments have made it impossible to stand by the terms of these treaties. The most notable case of a secret treaty was the pact of London, entered between Great Britain, France and Italy. Italy is making territorial claims based upon this agreement, although it is admitted that Fume is not included in the terms. Another secret pact involved Japan and China, the former making economic and territorial claims based upon that agreement.

It is now reported that there was an agreement between Japan and Great Britain concerning China. No details are available but it bids fair to interfere with the settlement of the Shantung peninsula dispute. Whether this reported agreement will effectively prevent the United States from enforcing its endorsement of the China claims and thus preventing Japan from getting territory on the Shantung peninsula cannot be foreseen. No member of the American delegation would make any predictions at that direction. It is admitted that secret treaties continue to be the greatest menace to the carrying out of President Wilson's principles, which the Americans insist are the backbone of the peace terms.

The Germans are arranging a telegraph service with Berlin and the outside world. The German delegates evidently hope to secure endorsement of the German Assembly on every step they take. It is learned that the German delegates expect speedy action and will not attempt to debate at length. At the same time, it was intimated that the Allies would grant sufficient time in the matter. The Germans refuse armistice that will be declared null and void.

KINGSTON CLASSIC

The churches in the Classic of Kingston were well represented at the spring session held last week in the North Marlborough Church. The Rev. A. J. Zavis, who has just completed fifty years in the ministry presided. On account of failing health Mr. Zavis will resign May 1st and he will reside in Kingston. The Rev. Theo. A. Beckman of Krumville, formerly of Rotterdam, has accepted a call to a church in New Jersey and will begin work there shortly. Rev. J. R. Seely resigned as stated clerk, to take effect October 1st, when the classic meets in fall session in New York.

FATE OF POLAND DEPENDS ON DANTZIG

By Telegram to The Freeman.
Washington, April 26.—The fate of Poland now depends on the final disposition of Dantzig, the ancient Polish seaport, by the peace conference, according to a statement to-day by John F. Smulski, president of the Polish Society of America.

On Sunday, more than three million Polish people throughout the United States will meet to pray and petition that the Polish claims be allowed. It is not only for Poland they are asking, but for the peace of the world. Poland desires not only to be free, but to be a strong arm in the preservation of peace of mankind. If the peace conference leaves Poland with its rail and water connection with the friendly nations, wholly in German control, the task of sustaining life and order will consume all of Poland's energy. Smulski pointed out that Dantzig was taken from the Polish people at the time of the first partition and that the German population in Dantzig is there by reason of deliberate policy by the government and the expropriation of the Polish. If these methods are to be considered stolen property, real peace and justice are removed, Smulski asserted.

WAR PICTURES AT O'RYAN LECTURE

A collection of remarkable war pictures, showing the activities of the Twenty-seventh Division on its battlefield and behind the lines, will be used by Major General John F. O'Ryan to illustrate his lecture "Breaking the Hindenburg Line," which he is to give at the High School Auditorium on the evening of May 6th.

The rules of the British army forbidding the use of cameras by its officers and men on the western front were very stringent, and General O'Ryan, when his division went to the aid of the English Tommies, was careful to see that his own troops scrupulously respected this rule. Therefore, snapshots showing O'Ryan's men in action are extremely rare.

A GAME MOVIE LECTURE MAY 2

To Be Given Under Auspices of Ulster County Fish and Game Protective Association in High School—Mr. Abbott to Lecture.

A complimentary movie picture lecture on conserving the forests, fish and game of New York state will be given under the auspices of the Ulster County Fish and Game Protective Association in the High School Auditorium on May 2, at 8 o'clock. The lecture will be delivered by Secretary Abbott, who is a very interesting speaker. Those who have seen and heard the lecture say it is one of the most interesting they had heard in a long time. Those who are interested in the fish and game of the state should make it a point to be present and see what steps are being taken toward conserving the fish and game. The public is cordially invited to attend and admission is free.

SHE HOPES HE BURNS

Plans With Mrs. Simpson After Shooting Her Husband.

By Telegram to The Freeman.
Chicago, April 26.—Elmer E. Simpson is fighting for his life in a hospital here today, while his wife, who fired four shots, two of which took effect, at him late yesterday, is held in the county jail awaiting the outcome of his injuries. She faces a charge of attempted murder, of which she was acquitted last year. Mrs. Simpson shot her husband in Judge Broderick's court room, while the trial of her separate maintenance suit was in progress. After the shooting, she declared she was glad she did it. She smiled as she was taken to the jail. "I hope he burns in hell," was her wish for her husband. The marital troubles of the Simpsons had been in court several years, the husband seeking a divorce and the wife contesting it.

CITY FATHERS TO RECEIVE \$5 PER

Mayor Canfield's Amended Charter Bill Adopted at Public Hearing Which Public Neglected to Attend—Not Even Taxpayers' Association Present.

Mayor Canfield's amended city charter bill, which, among other things, fixes a salary of \$5 a meeting to the aldermen, was unanimously adopted at the public hearing held Friday evening in the council chamber by the city hall by the mayor and the common council. So "interested" was everybody that not even the Taxpayers' Association was represented. The council present were President Watts, and Aldermen Preston, Roosa, Kelly, Mann, Kirchner, Kullmann, Higgins, Hull and Purvis. The absentees were Aldermen Schick, Schlip, Van Valkenburgh and Connolly.

The amended charter bill was read by City Clerk Doremus, and was adopted without discussion or objection. The salary of the aldermen-at-large is fixed at \$500 a year, payable monthly, and the aldermen are to be paid at the rate of \$5 for each meeting of the common council they attend, payable monthly, but such compensation shall not exceed \$10 in any one month.

The council is given the authority to fix the salary of the clerk of the city court, which shall not be less than \$500 a year, and the salary of the city marshal and probation officer, which shall not be less than \$720 per year. The compensation of the special city judge is fixed by the council and shall not be less than \$500 a year, or more than \$500.

The charity board, starting January 1, 1920, shall consist of only three members. Amendments to the police pension fund and the firemen's pension fund are also included in the bill. These amendments protect those dependent upon any policeman or fireman killed in the performance of his duty.

The bill will now be sent to Governor Smith for his signature and when signed by the governor he comes effective at once.

Belshian in Switzerland.

By Telegram to The Freeman.
Geneva, April 26.—Switzerland is not yet out of the danger of Bolshevism, said the Lausanne Gazette in commenting on the revelation of Bolshevik propaganda in Russia. It is learned members of the military staff are held as hostages. The railroads and newspapers must be seized and placed under control.

COMMUNITY SING TUESDAY EVENING

The second community sing will be held at the High School Tuesday evening at 7:30.

The Chamber of Commerce committee, C. R. Stull, chairman, which is developing the chorus, has secured from the board of education permission to use the High School Auditorium Tuesday evening of each week. The charge made will be either \$2.50 or \$4.50, according to whether the High School building is opened for other purposes the same evening.

This is one of the many pleasing recognitions of the fact that the tremendous success of the first community sing attended by five hundred people has assured the success of Kingston's community chorus.

Everyone thoroughly enjoyed the sing, and all will be back again next Tuesday, bringing others with them. Director Harry P. Dodge was topped on the street yesterday by an enthusiastic admirer of the community chorus who gave \$1 to help the chorus along.

The supply of song books at the first meeting was inadequate because many more people were there than the most optimistic had expected at the first meeting. The original supply of song books has now been doubled.

There will be a big time Tuesday evening.

MILTON.

Milton, April 25.—Cornelius Warren of New York city spent Easter with his parents, Mr. and Mrs. Frank Warren.

Miss Fonda of Poughkeepsie spent Easter with her friend, Miss Belle Briscoe.

Miss Edna B. Dodd of Newark, N. J., visited her summer home here recently.

A mistake was made in last week's paper in regard to Dr. Preston's moving. They have possession of their new place at Highland on May 15th.

Rev. D. N. F. Blakeney, the new M. E. minister, preached a good sermon on Easter morning.

Miss Evelyn M. Northrip, who took Mrs. J. R. Clarke's place as organist while the latter was away a part of the winter and spring, is expected to continue the work. Although Miss Northrip is very young, for the position she proved to be successful and intends taking lessons on the pipe organ in the near future.

SHOE CONSERVATION

W. H. Kelley, a lumber salesman, of Omaha, found Neolin Soles so tough and durable that one pair of soles served on a second pair of uppers after the first pair of uppers had worn out in ten months of hard walking.

And he says, "Those same soles will stand another ten months of constant daily wear."

This is unusual service even for Neolin Soles but Mr. Kelley's experience should indicate to you a method of cutting down those rising shoe bills you have to meet. Simply make sure the new shoes you buy are Neolin-soled and have worn shoes repaired with these soles which are scientifically made to be comfortable, waterproof and exceedingly long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

Fakir Magic Fools the Eye

It's amusing to see a fakir take a pole and line, and hook a fish out of the air; but you don't buy that kind of fish.

Yet some buy tires with just as much sleight of hand in them, tires which look all right, and act all wrong.

To safeguard against mere appearances, look for the Goodrich name and trademark on tires.

Goodrich Tires with their burly, full-rounded bodies, and thick SAFETY TREADS, extra wide to fortify the sidewall against rut grinding.

Look the sturdy, lasting tires they are.

Goodrich's name as trade-mark on them stand responsible for their service in action.

They guarantee those tires will return full value for your money by proving their service value to you on your car, on the road.

If Your Battery Could Talk

One thing it would say is: "Don't starve me."

Another: "Don't let me die of thirst."

A third: "Test me often with a hydrometer."

Those are all simple rules, and easy to remember, but to your battery they mean the difference between a long life and a short one.

There are other things that ought to be in mind if you look after your own battery. It will pay you to ask us what these are the next time you come in for a hydrometer test or to have distilled water put into your battery.

Time.

Time is a mystery which we have arbitrarily divided into a past and a future, that we may understand something of it. In itself we may be almost certain that it is but an immemorial motionless present, in which all that has taken place immutably, in which tomorrow, save in the ephemeral mind of man, is indistinguishable from yesterday and today.—From "The Fourth Garden" by Maurice Maeterlinck.

Lines to Be Remembered.

The sight of a battlefield after the fight is enough to inspire anyone with a few of peace and a horror of war.—Napoleon I.

Improve your heating experience

Each stormy day impresses everyone that *first cost* ought never to stand in the way of the *best* heating outfit. Admittedly the outfit of an IDEAL Boiler and AMERICAN Radiators will cost more than short-lived hot air furnace or stoves. But, consider what you get in this *first cost*—an outfit that will save more coal for the heating service performed than any other kind of heating—that will take less labor and attention to operate—that is more cleanly—that is free from fire-risk—that is automatically adjusted to weather fluctuation—that is free from repair and over-haulings—that is a permanent addition to the value of the property and will last as long as the building stands.

AMERICAN & IDEAL RADIATORS & BOILERS

With all buildings heated by IDEAL outfits there would be no fuel shortage

A million buildings now heated with IDEAL Boilers and AMERICAN Radiators profited in great comfort and fuel-money saved by the wise investment in these outfits. By the turn of a valve the precious heat is shut off from rooms not used or needed, and families during even the past acute fuel condition have been able to live in IDEAL comfort and burn less coal.

Easily put in old homes

Take the lesson of preparedness to heart. Profit by the experience of this million of ideal fuel-savers and find out right now what an IDEAL heating outfit will cost for your home. The dealer in your locality will be glad to give you an estimate based on a carefully measured plan to suit exactly your heating needs. We have made a 25% price reduction to stimulate building and remodeling, and to aid in employing demobilized men.

The greatest heat makers from all grades of coal

You can burn any kind or grade of cheap fuel—pea coal, buckwheat, lignite, soft coal, coke, hard coal, oil, gas, wood—and get the full heat value out of them. No need to burn high-priced fuel.

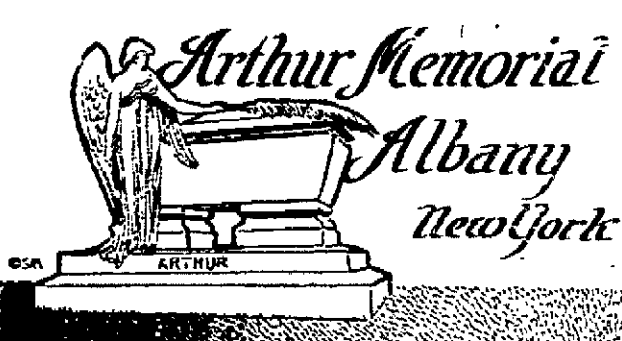

Send at once for catalog "Ideal Heating"—it should be read by everyone interested in heating. Call your dealer today to get an estimate for equipping your building

The Arthur Memorial in the Rural Cemetery at Albany, N. Y. is a most excellent example of a modern sarcophagus. The figure of bereavement that is shown is an excellent interpretation of the last earthly tribute to the dead—the laying of the palm upon the casket. The polished granite makes for harmony and adds impressiveness to the monument.

We employ men who know the history of monument work from the ancient obelisk to the modern shaft. Our stone cutters are trained to execute all orders. Our service is satisfactory and our prices consistent.

AGRICULTURE.
Expert knowledge mixed with common sense makes a farming formula hard to beat.
A productive orchard, a good garden, laying hens, and cows which pay their board will help make any farm a desirable farm.
Don't let side oats or horse manure bluff you. The heads are heavy only because they contain heavy hulls and many false kernels.
One way to fool the repair man: Keep your tractor properly oiled. Tractor machinists say that 50 per cent of their work comes from improper lubrication.
Many a farmer has found that advertising in his farm bureau news has paid him well. Then he has increased the number of persons he could reach by advertising in his local papers. Ever try it?
The soil of the orchard as well as the trees themselves require attention. The state college at Ithaca, N. Y., will send you a copy of "Orchard Soil Management" if you ask for R. C. F. 125. A postal will do.

The commission which recently returned from Europe after a study of agricultural conditions there declares its belief that for the staple food and fiber products grown in the United States "there will prevail a strong demand and that prices will probably continue steady and at a high level."

New Screw Fastener.
An Australian inventor has patented a screw fastener for wool bale bands that enables the bales to be made tight and permits the use of narrow bands, thereby saving steel.
Know Where It Would Land.
Lawyer—"Tex, sir! We can settle up this estate for you in about eight months." The Principal Heir—"But can you wait that long for the money?"—Judge.

Wisdom in Spring.
A man says, "We know not how to save as we get, keep life some all life to the expenditure and die not worth a grain of sand."

Abbreviating Names.
The planners give up beautiful names and the postal authorities abbreviate them.—San Francisco Chronicle.

SINGERS PRESENT KNOTTY PROBLEM

Mighty Struggle in Board of Education Over Whether They Shall Pay \$17 or \$4.50 for Use of Auditorium.

Although the Board of Education members had arranged to get an early start at the monthly meeting, Friday evening, and finish up business quickly so that they could listen to the prize speaking contest in the auditorium at the high school, some time was taken up because it required more or less voting to decide what terms should be given the Community Chorus Committee for the use of the high school auditorium on Tuesday evening each week for community singing. A communication was read from the committee requesting the use of the auditorium and Trustee Gill moved that it be granted on the usual terms. Trustee Van Wagonen said that some time ago a resolution had been adopted leaving the leasing of the auditorium to the president of the board and the superintendent of schools, and he did not believe that the matter belonged before the entire board. Arthur C. Connelly, who was present in behalf of the Community Chorus Committee, told of the good results from community singing, that it was purely a matter of civic interest, that there was no admission for and no profits for any one, that the singing was for the pleasure and education of the members and the chorus singing develops a community spirit. It was out of the question for the Community Chorus to pay \$17 each time. Trustee Gill moved that the request be granted on the usual terms, on Tuesday when the auditorium is not otherwise used, during the school year. Seconded by Trustee Crane.

Trustee Atkins amended the motion that the terms would be \$4.50 each night, which Trustee Kearney seconded.

The amendment was carried. Atkins, Kearney and Schaeffer, aye; Gill and Crane, nays; Van Wagonen and Flemming asked to be excused from voting. Washburn not voting.

A vote was then taken on Trustee Gill's motion as amended by Trustee Atkins, and the latter getting mixed up voted "no" as did Trustee Crane, Gill and Washburn, for, and it was lost. Van Wagonen and Flemming were excused from voting. Trustee Washburn came to Trustee Atkins's rescue by changing his vote of "no" to "aye." The Community Chorus can use the auditorium each Tuesday evening during the school year by paying \$4.50, which pays for the use of the auditorium and the services of the janitor, but it was a close call because Trustee Atkins became confused.

The Chamber of Commerce was asked the use of the auditorium of the high school on May 6th, when General John F. O'Ryan of 27th Division, will deliver an address on "The Breaking of the Hindenburg Line," in connection with Liberty Loan drive. There will be \$1 charged for the best seats and cents for others, any profits to go to the Ulster County Chapter of the Red Cross. Permission was granted on motion of Trustee Kearney on the usual terms.

Superintendent of Schools Michael submitted the following monthly report, which was ordered placed on the minutes:

To the Honorable Board of Education:

Gentlemen:—I respectfully submit the following report for the month of April.

I am unable to state the facts of attendance because the reports from the several principals are not due in this office until next Monday. However, judging from appearances as have visited the several school buildings I feel warranted in saying that the attendance has greatly improved. The epidemic of diphtheria has passed and most of the children are again in their places.

On account of the Easter vacation the schools have been in session only three weeks during the month. I have visited every school at least once in these three weeks, having inspected on such visits the work in seventy-five class rooms. I have been especially pleased with the work I have found in oral English. Early in the school year there was placed in the hands of the teachers in each grade a small volume entitled "Stories Pictures Tell" by Miss Carpenter, with the request that the teacher use the book in connection with the study of pictures already in possession of the school, as an aid to oral English. I believe that both teachers and children have been interested in this work. In addition to cultivating an ability to express themselves in correct English, the children are gaining an appreciation of the beautiful in art. In this connection they are taught something of the biography of the artist whose pictures are under consideration. It is hoped by the time they enter the high school they will have gained in a large measure power to discriminate between the good and bad in art.

Trustee Van Wagonen, of the finance committee, reported total of April pay roll \$11,433.46, and warrants were ordered issued. Warrants added totaling \$2,149.91.

Trustee Atkins, of the teachers' committee, reported that Mike Hart, school, had resigned to take a position at Fall River, Mass., and a new position was posted. The committee was empowered to engage a male teacher if one be obtained at a salary not exceeding \$2,149.91.

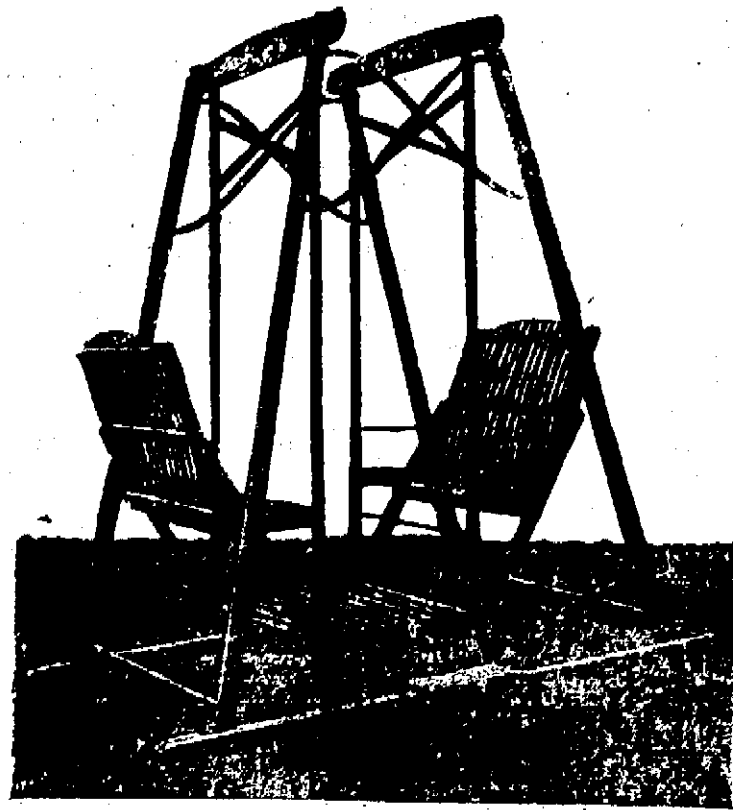

The visiting committee of last month was continued.

All the members were present excepting Trustee Hale.

ALDERMEN FAVOR BR'WAY SUBWAY

Adopt Resolution that the Depressing of Broadway was Best Plan For Eliminating the West Shore Crossing.

The common council unanimously adopted Alderman Higgins' resolution that the council approve the plan of depressing Broadway in eliminating the West Shore railroad crossing on Broadway at the session held Friday evening at the city hall. Alderman Preston, when the resolution was read by the City Clerk Doremus, stated that he had talked with business men in his ward—the First ward—and they were not in favor of doing anything at the present time. He said they had told him that it had taken forty years to build up a business section in the central part of the city, and that it would be wiped out by eliminating the crossing as proposed. He believed that the elimination should be delayed and no action taken at this time.

"There seems to be a difference of sentiment among the business men," replied Mayor Canfield. "I live in the same ward and those I have talked to have wanted the matter settled and settled right." The mayor said the growth of the central part of the city would be retarded until the crossing was eliminated. The mayor believed that the council should express an opinion as to what plan should be adopted so that the city could go on record Saturday at the public service hearing as favoring one particular plan. As the mayor sat down Alderman Preston arose and with a smile said "I think mayor we'll have to compare notes on these business men." "Probably they think I am in favor of elimination," replied the mayor, "and when they talk to me they talk in favor of it, and then when they talk to you they take the opposite tack."

"Any chance of the West Shore railroad tracks going under?" asked Alderman Mann. Just before responding the Higgins resolution, Mayor Canfield informed him, no, that the cost was prohibitive. The resolution was then voted and adopted unanimously.

Unexpected Information.

A clergyman lost his horse on a Saturday evening. After hunting with a boy until after midnight he gave up in despair. The next day, somewhat dejected at his loss, he went into the pulpit and took for his text the following passage from Job: "Oh, that I knew where I might find him!" The boy, supposing the horse was still the burden of thought, cried out: "I know where he is. He's in Deacon Smith's barn."

MEMORIAL SERVICES SUNDAY AFTERNOON

Tomorrow afternoon, Sunday, April 27th, there will occur at the auditorium of the high school, a service, which will never again be repeated in history, for it will be the first service of tribute by the people of Kingston and Ulster county to the memory of the men of this county, who have given their lives for the cause of righteousness and humanity; that we might remain comfortably and safe from the unspeakable Germans, in our own homes. These men paid the one priceless sacrifice, their lives, and tomorrow they are to be honored. What does it mean to us of Kingston and Ulster county? Tomorrow afternoon at 1 o'clock, we can prove what it means to us. And we shall be judged as to our spirit of appreciation and understanding, by our presence or our absence at that memorial service. If we are the people that we have shown ourselves to be during the war, if we are people worthy of the supreme sacrifice which these men have made for us, there will be every inch of space at the high school filled tomorrow Sunday afternoon, for no tickets of admission are needed, though the men who have served our country in this and our two previous wars, and the immediate members of the families of our service men will have reserved seats set aside for them up to 3:45 o'clock, provided they secure, from City Clerk Doremus, the tickets necessary for those reserved seats.

These men who died have taken the most serious step to be taken by any human being, they have stepped over the threshold into eternity, and it behooves us, who remain to take serious note of, and pay a serious as well as a spectacular tribute to their memories.

Beefsteak Dinner at Roxmor. The perfect day, Wednesday, April 23, was celebrated in a perfect way by a company of Kingstonians who motored to Roxmor in Woodland Valley for a beefsteak dinner. The procession of cars was led by Mr. and Mrs. Samuel Brown to whose able management the affair owes its success.

Arriving at Roxmor some hours in advance of the time set for dinner, the company enjoyed leisurely rambling among the lawns of the attractive colony, lounging about the piazza of the Inn and viewing the charming mountain scenery, or gathered around the great open fire in the reception room. The dinner which was served in the stone room at six o'clock, measured up in full to the standard of a beefsteak dinner, such as was described in detail in The Freeman about a week ago.

Among those present were many who had never dined before, and to them, the preparation, cooking and serving were revelation, and the eating equally of the ordinary mortal under such conditions a marvel. The registrar tells on the following: Mr. and Mrs. W. J. Turck, Miss L. M. Turck, Mr. and Mrs. W. B. Everett, Dr. and Mrs. H. Johnston, Dr. and Mrs. H. F. Leinhardt, Mr. and Mrs. H. R. Leinhardt, Mr. and Mrs. B. Hinds, Mr. and Mrs. W. H. Van Eilen, Mr. and Mrs. Joseph Reynolds, Mr. and Mrs. S. Brown.
